

20th October 2017

Dear All

### **Consultation on proposed changes within Royston Schools Academy Trust**

As promised, we are publishing our proposal relating to the three schools within the Trust: Greneway Middle School, Roysia Middle School and Meridian Upper School.

This proposal is to ensure delivery of two key objectives over the coming years. These are:

- Education Excellence
- Financial Sustainability

We have heard your feedback to date, particularly that there are areas you want to understand more clearly. We hope that the proposal document explains why change is needed and what change means for you and local children.

The consultation will run from 20<sup>th</sup> October to 1<sup>st</sup> December, 2017.

Change is needed and the Trust Board believe this is the right solution. This is our local school, part of our community; it is very important to us that you are involved in shaping its future success.

I know, from my own experience and from your feedback, that getting communication right is a challenge. Once you have had a chance to consider this proposal, please use the feedback channels available to let us know what you think.

We look forward to hearing from you.

Yours faithfully

Carol Boston  
Chair on behalf of the RSAT Board
